PATHOLOGY REPORT

Clinical Information.	Referred paraffin block for immunostaining of Lt femur mass.
Nature of specimen.	Referred paraffin block

GROSS:

One referred paraffin block coded 554-26, immunostained for SATB2.

MICROSCOPIC:

Immunohistochemical staining for SATB2 demonstrates diffuse, strong nuclear positivity in the tumor cells.

DIAGNOSIS:

Femur mass, biopsy, immunostaining:

- Confirmatory of conventional osteosarcoma, chondroblastic variant (SATB2 is diffusely and strongly positive).

Pathologist

Prof. Dr. Neveen Tahoun, MD, PhD
